STATE REJECTS
DONATION FOR THE
LOUISA-INEZ ROADNOT LOOKING FOR ANY MORE
OPPORTUNITIES TO WRANGLE
WITH CITIZENS.

Ashland, Ky., April 30, 1921.
Judge Billie Rife, Louisa, Ky.
Messrs. Augustus Snyder, Louisa, Ky.
John McClure, Gallup, Ky.
W. T. Fugitt, Gallup, Ky.

Gentlemen:
Referring to your court order of recent date approving \$33,500 on the Louisa-inez road.

I had recommended to the State Highway Commission to accept this donation and I had planned to place a crew of engineers on this survey the coming week. In talking with the different citizens of your county, and on last Tuesday while visiting Louisa for the sole purpose of making a reconnaissance trip over these routes I found that the citizens east of the C. & O.R.R. were very much worked up over the different proposed routes, and even before I had made any investigations whatsoever, had made the statement that I was prejudiced against certain routes, and one or two of your leading citizens and some of your county officials have made the statement that the State would never do anything with this money but would drive stakes and let them rot out as they are doing along the Mayo Trail. After considering the whole matter, I am of the opinion that it would make no difference whatever how this money was spent, that we could accomplish very little with such a small amount of funds, and since your citizens are so determined to have another wrangle like they did over the Mayo Trail, I am just as determined not to have anything whatsoever to do with the location of that road at this time.

I recommended to Mr. Rogers not to have this survey made and to recommend to the State Highway Commission on Monday, May 9, to refuse this donation on account of the above stated reasons. I just received a letter today from Mr. Boggs agreeing with me, and I suppose your county officials will receive a letter after the Commission meets on the 9th refusing this donation.

Since your county has so many citizens in it who think themselves engineers and capable of handling your county's funds, I think it would be a good investment for the county for you to construct this road yourselves and let the gentlemen direct the expenditure of your money without engineering advice as I believe the lesson would be a good one for your citizens.

Personally, I do not care to be mixed up in another wrangle as before, as the results which we could get in this particular piece of road would not justify the trouble and money attached to its construction.

Yours very truly,
M. E. S. POSEY,
Division Engineer.

SUGGESTIONS TO DRIVERS
OF AUTOMOBILES

Keep to the right of the road.
Slow down at crossings.
Signal for a stop to turn to the cars behind by holding out the left hand.
Apply brakes slowly. Change speed rates slowly. Drive carefully.
Be prepared to stop on roads distant from garages.
Be prepared to give pedestrians "lifts" on country roads.
Stop car when meeting drivers with sheep, swine or cattle on country roads.
Park only at side of roads, leaving fair way.
When parking at night leave warning lights.
Have headlight dimmers and use them when meeting and passing other motorists at night.
Give all vehicles, especially loaded trucks, a good half of the road.
Take hills on the right side of the road. Go over the crest carefully. Avoid coasting or speeding around corners at foot of hills.
Be courteous to pedestrians. Do not drive your car at them full tilt and laugh when they jump.

To Louisa Drivers.
The Brunswick Hotel corner is a dangerous place for automobiles. Going from the full with Main Cross-st. pavement to the narrow paving on Madison-st. makes a constricted area with no chance to get a view of approaching machines far enough ahead to avoid trouble if speed is high. Slowing down before reaching the corner is the only safe course.

CAUSE OF FAILURE.

Men fail for various reasons, little and big.
Most men fail because they are lazy.
To be lazy means—to be late, to be slovenly, to be a poor economist of time, to shirk responsibility.
It means to say of anything that is clamoring to be done: "I'm not going to do that, because it isn't my work."
Laziness is at the back of most of the lesser reasons for failure. The minor causes are derivative from that one great major cause.
It is no easy to dream in the sun and let the world go by; to dawdle and procrastinate, till one wakes up—too late.
Late and lazy are, in fact, first cousins.—Philadelphia Ledger.

LAWLESSNESS RAMPANT AGAIN.

Louisa has suffered recently from the lawlessness of a few fellows who like to see how far they can go in terrorizing the community. They try out the officers occasionally and if the officers fail to do their duty the disorderly conduct reaches a stage that disturbs the law abiding citizens very considerably, and injures the reputation of the town. Liquor is used as the excuse, but it is only an excuse and not the cause.

There is law enough to stop all this lawlessness if it is executed. There is not a man anywhere so bad that he can not be taken into custody. The law gives an officer almost unlimited authority to subdue the law-breaker who violently resists arrest.

A peace warrant in the hands of a fearless court is a very effective means of dealing with disturbers and should be invoked in every possible instance. Bonds must be fixed high and no bond accepted that is not legally worth the amount.

JAS. T. HACKWORTH
DIES IN ASHLAND

Mr. J. T. Hackworth, aged 60, passed away Friday evening of last week at the King's Daughters hospital following an illness of two months due to stomach trouble.

James Thomas Hackworth was born December 12, 1860 in Carter-co., Ky. His parents moved to Ashland during his infancy and he has made Ashland his home since. He was a successful merchant, operating a wall papering and painting establishment for a number of years. He was an Elk and a Mason.

At the age of thirty he was joined in matrimony to Miss Florida Avis Eves of Louisa. Four children blessed this union, twin boys, Lucien and Leon, and twin girls, Helene and Hermine. Hermine died in infancy. He was a devoted father and husband and will be greatly missed by the bereaved family.

He had been ill two months before entering the hospital and was there only a week before death alleviated his sufferings.

In addition to his wife and children two brothers, W. W. Hackworth of Russell, and J. N. Hackworth of Tacoma, Wash., one sister, Mrs. Frank Martin, of Mississippi City, Miss., and a host of friends and acquaintances mourn his death.

The funeral was held from the home on West Lexington avenue Sunday afternoon.

This pretty home was lavishly in flowers and many beautiful designs, mute testimonials of the high esteem in which he was held. Rev. Dr. W. C. Condit, pastor of the First Presbyterian church had charge of the services and he paid a splendid tribute to him.

The remains were carried to Ashland's Beautiful City of the Dead and laid to rest by the side of friends who have long since crossed the bar. The Masonic order of which Mr. Hackworth was a member attended in a body, and had full charge of the funeral rites at the cemetery. The Elks, another order to which he belongs also attended the services in a body.

He was taken to the hospital and for a time it was thought he had no chance to live. One wound was in the upper part of the left lung and the other in the abdomen. His condition shows so much improvement now that his recovery is expected.

Nightbird Damron, of Chattanooga, W. Va., is charged with having done the cutting. He was arrested at Williamson a day or two later. On Monday evening his father, John Damron, accompanied Nightbird to Louisa. On Tuesday morning he was taken before Judge Riffe. Examination was waived and bail fixed at \$10,000. He executed bond and returned to his home in West Virginia.

The cause of the trouble has not been divulged. The two men were alone at the time and Damron went across the bridge into West Virginia immediately after the affray.

O'DOWD-BRICKNER.

The following account of the marriage of Mr. John Brickner of this place is from a Newton, Kansas, paper:
Mr. Brickner is superintendent for his uncle, T. F. Maloney, who has a large acreage of oil lands around Louisa. He has been here about two years and has many friends whose best wishes are extended to him and his bride.

A wedding of much interest to Newton people because of the popularity of the bride, Miss Kathryn O'Dowd of this city and Mr. John Brickner of Louisville, Ky., was solemnized Tuesday morning at St. Mary's church at 9 o'clock. Rev. Magr. M. Maguire performing the nuptial ceremony in the presence of many relatives and friends.

The attendants of the bride and groom were the bride's sister, Miss Jewell O'Dowd and Mr. George Lindaman.

Miss Christine Miller played Lohengrin's wedding march for the processional to the altar. Miss Catherine Penner sang, "Calm as Night" and "Because" accompanied by Miss Miller.

Rev. William Schaefer sang Milard's "Ave Maria." Miss Zeida Hanna accompanying. Miss Miller played Mendelssohn's wedding march as the bridal party left the altar.

Following the ceremony a wedding breakfast was served to a company of forty-five at the home of the bride's parents, Mr. and Mrs. Chris. P. O'Dowd the girl friends of the bride serving the menu.

Mrs. Brickner is a favorite in Newton, having a prodigious talent in music, that amounts to genius in violin playing. She has been always willing and ready to contribute musical numbers for the pleasure of the public whenever requested if possible to do so.

Altho young, she has accomplished in music what many could not do in long years of study and practice, carrying also her high school course.

She studied violin at the State University and also taught classes while there. She was instructor of violin one year at St. Mary's academy at Dodge City. Last year she trained and directed an orchestra of professional musicians in a year's course on the chautauqua course in the western states. She has played in orchestra in Newton a great deal and has won the admiration and warm regard of the entire city who loved her music and felt a pride in her accomplishment.

The groom is a stranger in Newton but is a long time friend of the family, the match being a first-love affair, beginning when they were lad and lassie. Mr. Brickner is engaged in the oil business and they will live at Louisa, Ky.

The best wishes of many friends attend them in their new home.
